to the European war conflict, was emphasized in the report of the registrar general of the Sons of the American Revolution at the first day's session of the society's twenty-sixth annual convention here.

Thomas Jefferson, he said, reviewing the finances of the revolution, estimated the cost of the war at an average of \$17,500,000 a year. That sum now is scarcely more than Great Britain's cost for a single day. The total cost of the revolution—approximately \$140,000,000 covering a period of eight years—is less than the total cost of the European war for a month.

#### Educating Aliens.

The committee on information of aliens reported great activity during the last year in promoting the education of the alien population to the advantages of American citizenship. With various societies and municipalities, the society has co-operated in establishing courses in civil government and other subjects tending to the enlightenment of those of foreign birth. The committee pointed out that of the three million souls which peopled the thirteen colonies, one-fifth could not speak English, one-half was of other than Anglo-Saxon descent, and even now in some of the states the proportion of foreign born is as great as thirty per cent.

Impressive Ceremony Urged.  
Detailed efforts to educate aliens to the allegiance and obligations of American citizenship were described. Personal letters have been sent to more than fifteen hundred judges of federal and state courts having jurisdiction over naturalization, urging that the ceremony of administering the oath of allegiance be made a solemn and impressive one. It is suggested that on such occasions the presiding judge, in the presence of high standing in the community address the prospective citizens upon the importance of the act of transferring allegiance from one nation to another and the obligations which accompany it. The committee expressly recommended the promotion of delphia on May 10, last, when President Wilson addressed several thousand meetings as that held in Philadelphia recently naturalized Americans.

Diarrhoea Quickly Cured.  
"About two years ago I had a severe attack of diarrhoea which lasted for over a week," writes W. C. Jones, Buford, N. D. "I became so weak that I could not stand upright. A druggist recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. The first dose relieved me and within two days I was as well as ever." Obtainable everywhere. Advertisement.

and welcomed them to the privileges of American institutions.

Much ignorance, the committee reported, had been found among school children, and even adults, regarding the Constitution of the United States. In many parts of the country it was found that fundamental documents were not for sale in ready form. The society recently has distributed one hundred thousand copies to night schools and settlements of aliens.

While much of a statistical nature has been preserved and handed down relating to the continental armies, the little navy which carried the newest flag to the seven seas has not fared so well. A careful study has been conducted, however, for the committee on military and naval records, by Rear Admiral Chester, and his researches, reported by the committee today, show there were in the regular Continental navy sixty-four vessels mounting 1,242 guns, while the volunteer private armed fleet.

Outnumbered It.  
With 1,250 vessels and 18,000 guns. British vessels to the number of 737 were captured and with their cargoes, were valued at \$24,000,000. The American navy mustered then about 70,000 men, and a majority of the names of those heroes were not left for posterity. The navy won seventy per cent of its engagements; the army won forty. Researches are now being prosecuted in state archives and collections of historical societies as well as private collections of manuscripts to make as complete as practicable a publication by the government of the Continental army and navy muster roll. More than thirty thousand records have been found so far chiefly in Massachusetts, Virginia and North Carolina.

## The Real Suffrage Thought of Women

Motherhood is the thought uppermost in woman's mind. And with it, of course, comes the question of comfort, of helpful aids and influences.

Among the best of these is a well known external remedy, "Mother's Friend." It is gently applied to the surface muscles. These are lubricated, toned, made pliable so they stretch as nature requires without the strain and pain on cords and ligaments. This influence extends through the myriad of nerves to deeper surfaces, the internal organs. And thus a period of repose must reflect itself not only in the mind of the mother, but upon the babe to come.

A point upon which all experienced people agree is the fact that whatever an expectant mother may do for herself that is safe and harmless is bound to encourage confidence in herself. And as she applies "Mother's Friend" with her own hand when ever required and just where needed, she soon learns to forget those apprehensions so often imaginative.

Young mothers who have used "Mother's Friend" have written to say how rejoiced they were at the absence of morning sickness, extreme nervousness, and other distresses of which they had heard and feared. Get a bottle of "Mother's Friend" at any drug store. Simply apply it over the stomach muscles and rest assured of perfect safety and comfort day and night. COMMISSIONER'S SALE OF CITY  
By virtue of the authority vested in the undersigned special commissioner by a decree of the Circuit Court of Harrison County, West Virginia, made on the 29th day of May, 1915, and entered in Chancery Order Book No. 37, at page 84, in the chancery cause therein pending, in which the said County of Harrison and Sherman C. Deane are plaintiffs and John B. Smith and others are defendants, I will, on SATURDAY, JULY 31, 1915, at 1:30 o'clock, P. M., at the front door of the Court House of Harrison County, West Virginia, sell at public outcry to the highest and best bidder therefor, that certain lot or parcel of land situated in the James M. Wine Addition to the City of Clarksburg, said county and state, and known as lot No. 10 in said addition, as shown on a plat thereof, which plat is of record in the office of the Clerk of the County Court of said County in Deed Book No. 115, at page 425, and being the same lot or parcel of land which was conveyed to John B. Smith by James M. Wine and wife by the same Deed Book, at page 407, to which deed dated the 23rd day of July, 1900, which deed is of record in said office in deed and plat reference is here made for a more definite description of said property. There is a house on said property which rents for from \$20.00 to \$22.50 per month.

TERMS OF SALE: One-half cash in hand on day of sale, and the residue one year from said date. The purchaser will be required to execute a note with approved personal security for the deferred pay-

ment, bearing interest from day of sale, and a vendor's lien will be retained upon the property sold as additional security.

CLARENCE B. SPERRY,  
Special Commissioner.  
County of Harrison, to-wit:  
I, I. Wade Coffman, Clerk of the Circuit Court of said County and State, do hereby certify that Clarence B. Sperry, the above named special commissioner, has executed bond before me, with approved security as required by said decree, conditioned according to law.

Given under my hand this 29th day of June, 1915.  
I. WADE COFFMAN, Clerk.
